You like your Kayak mixer, but you'll LOVE the new GV Korona mixer, the latest innovation from Grass Valley, a Belden Brand. That's why we're giving you a chance to...

TRADE UP

Your Kayak to a GV Korona K-Frame S-series

To make this an offer you simply can't refuse, **ALL Kayak software features requiring a K-Frame license will be matched at no additional charge, so you can expect to save at least 10% off the system price and a lot, lot more with license matching.**

With the new GV Korona K-Frame S-series system, the following features come as standard and offer a tremendous performance benefit over your existing Kayak:

• FlexiKey offers programmable clean-feeds
• 2DDPM resizers standard for every keyer
• Two internal multiviewers licensed to reduce production equipment costs

Of course, any hardware for additional I/Os or M/Es can be ordered as options, so you can build on the switcher you love, to get a switcher you'll love even more.

Eligible Products (customers owning the following Kayak products are eligible for this trade-up program)

• KAYAK-SD-150C	• KAYAK-SD-200C	• KAYAK-SD-250	• KAYAK-SD-250C	• KAYAK-HD-300
• KAYAK-HD-150C	• KAYAK-HD-200C	• KAYAK-HD-250	• KAYAK-HD-250C	

Trade-Up To
